

AL HAYAT PHARMACEUTICALS, U.A.E

ENVIRONMENTAL POLICY

Al Hayat Pharmaceuticals is committed to achieve a performance in environmental practice that will not only comply with the legal and moral requirements, but also work towards a sustainable environmental improvement including:

Understand the local and international environmental rules, regulations and standards, needs and expectation of internal and external parties and continually review the significant environmental aspects related to our products and services and improve the effectiveness of the environmental management system to work within the defined parameters.

Regularly review relevant legislation and any other requirements that relate to our environmental aspects to ensure we comply – where no legislation exists we shall endeavor to set our own standards.

To provide the co-operation of all employees through consultation, awareness, communication and training on all environmental matters.

Implement a culture of responsibility to prevent pollution.

Seek to reduce consumption of materials in our operations.

To introduce “reuse rather than dispose” whenever possible and promote recycling and the use of recycled materials.

Encourage our customers and external providers to demonstrate environmental concern.

Consider the concerns and suggestions of all employees, visitors, and the general public.

Work with our external providers to minimize the impact of their operations on the environment through a green purchasing policy.

AL HAYAT PHARMACEUTICALS Management is committed to review the Environmental policy and objectives, periodically, to ensure its continuing suitability.

Al Hayat Pharmaceuticals means “ENVIRONMENTAL FRIENDLY”!!
